DIRECTIONS

For the Spider

Fill a small bowl with ranch dip and place at the center of a plate. Arrange tomatoes, cucumbers, and orange bell pepper slices around the bowl. Use part of the orange bell pepper to create the spider's body and strips of pepper as the legs. Use small cloves for the eyes.

For the Bride of Frankenstein

Fill a small bowl with guacamole and place at the center of a plate. Arrange tortilla chips above the bowl as hair. Garnish with olives for eyes and use the red bell pepper to create the mouth.

For the Pepper Ghosts

Fill a small bowl with French onion dip and place at the center of a plate. Slice Aurora Bites in half and clean the seeds out. Use candy eyes to transform the peppers into ghosts and arrange them around the bowl on the plate.
