

Going for a hike requires 3 things. A great pair of shoes, a backpack and our Mini Cucumbers.

These cool, fresh snacks are loaded with nutrients that will help hydrate you to the final summit. Their edible skin makes this a litter-less snack for sure!

COOKING TIPS

Slice mini cucumbers up and add them to a vegetable and fruit tray with a yogurt based dip. Their sweet flavor profile will complement the taste of the fruit. They are also commonly served in soups, and salads.

HEALTHY BENEFITS

Mini cucumbers are low in calories, have no cholesterol, and are virtually sodium and fat free. Mini cucumbers are also a good source of vitamin K.
